Subject: Parsons - add't docs to review

Lucita,

I've finished my review of the several hundred documents that were withheld in part (i.e., with redactions) and identified only a small number of those that include additional information I believe should be released. From my perspective, I think Region 8 did a very good job overall during its initial review of these documents.

I am attaching these 14 documents for your office's review to ensure that I am not missing any significant issues here. Please let me know if your office has any comments. As you know, I am hoping to release this additional information by our deadline, COB tomorrow.

Thanks again for all your work on this!
